During summertime transportation to the island of Samos is very frequent. Visitors can come by air or sea. By air there are five flights on a daily basis that departure from the airport of Athens and also many charter flights, from many European countries, come directly to Samos Island. By sea, ferries departure from the port of Piraeus, every day, of which one, is one of the new high speed crafts that limits the trip time to six hours! Also two hydrofoil dolphins (flying dolphins) departure from the island of Kos every day - the first one arrives in the morning and the other one in the afternoon. Last but not least, there is also frequent transportation from Turkey to Samos as two ferries departure from the port of Kusadassi (Turkey) every day.

SAMOS ISLAND AIRPORT IS ONLY FIVE MINUTES AWAY (BY TAXI) FROM OUR BASE
